

**Product code** EF-1B000G01G-A02

Image shown is for illustrative purpose only

## Electrical schematic

## Features and benefits

- Provides over voltage protection

## Descriptions

Single phase, transient surge suppressor module.

## Conformance

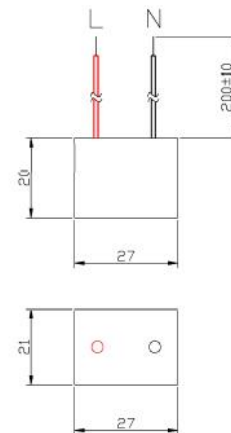

## Technical specifications

Working voltage <b>V<sub>RMS</sub></b>	= 275VAC
Peak current withstanding capacity <b>I<sub>peak</sub></b>	= 10 KA
Energy <b>W<sub>max</sub></b>	= 303 J
Clamping voltage	= 710V

## Mechanical details

All dimensions in mm.

General tolerance = ±1mm

Approx. weight : 25 gm.

Live (L) Connection : Red 1.5 Sq.mm Flexible wire length 200mm.

Neutral (N) Connection : Black 1.5 Sq.mm Flexible wire length 200mm.
